Smart Energy Council's

SMART INSTALLER ROADSHOW

Free CPD Training for Solar and Battery Installers

smartenergycouncil.org.au

SMART INSTALLER
FROM THE SMART ENERGY COUNCIL

What installers get is a great afternoon. It’s relaxed, with technical training, updates from manufacturers, new product info - but the best part is meeting people face-to-face. You realise you’re part of something bigger.

Scott Wilkinson
Technical Programs and Standards Manager

SMART INSTALLER ROADSHOW 2026

Meeting Australia's smart energy workforce.

The Smart Installer Roadshow has become a must-attend event for solar and battery installers, and in 2026 it's expanding to 12 roadshows across 9 cities in March, July-August and November.

Each event kicks off with a Member Briefing over lunch, where senior Smart Energy Council staff share the latest insights, updates and what's ahead for the industry. From there, the Smart Installer Training begins — featuring guest speakers, CPD-accredited sessions, and a mini exhibition showcasing new products and technology from our partners.

To wrap things up, Smart Installers are invited to stay for a light meal, cold drinks and a chance to catch up with mates in the trade. It's the best way to stay informed, sharpen your skills and stay connected in Australia's fast-moving solar and battery sector.

- **Big roadshow tour: 12 stops, 9 cities**
- **Meet the crew, grow your network**
- **Boost your skills with CPD training**
- **Mini product expo showcasing new tech**
- **Good feed, cold drinks on us**

REAL FEEDBACK. REAL IMPACT.

For me, I come to the Smart Installer Roadshows to connect with installers, to understand the challenges they're having, hearing feedback and working towards practical solutions.

~Andrew Klink, Account Manager, *AC Solar Warehouse*

Watch the video here.

To have all the installers in one room, engaged and focused, has been so valuable for us. We really appreciate that opportunity from the Smart Energy Council.

~ ***Nic Mercer****, CEO AmpAura Australia*

Watch the video here.

"The solar roadshows are all about learning from speakers, staying up to date, and connecting with colleagues. I'll be back next year if it's on, plus it's a good way to get some CPD points to keep your accreditation alive."

~ ***Roger Murrin*** - Director, *R M Solar and Electrical*

Watch the video here.

The Smart Installer Roadshows have been amazing for us. Every stop brings a different crowd and new feedback, and we get to meet installers who are discovering our brand for the first time. It's a great way to connect with new people and build real interest.

~ ***Sid Shaheed****, General Manager Sofar Solar*

SMART INSTALLER

The Smart Installer Roadshow is all about giving installers quality training, up-to-date info and free CPD points — all face-to-face and free for registered Smart Installers. And for partners, it's the best way to get in front of accredited installers nationwide. With thousands attending each year, it's a real opportunity to connect, support and grow together.
